Partner Best Practices

We offer partner packages with **unlimited licenses** to remove any barriers to the **campus-wide change** that is possible when all campus leaders, administrators, faculty, advisors, and support staff have the opportunity to enroll in our courses and apply their learnings at every level of the organization. **This practice will ensure that your professional development investment bears fruit and positively impacts your student outcomes.**

We encourage you to **run a campaign of encouragement and offer motivating incentives** to give every student-impacting employee the opportunity to be an agent of change.

We recommend that you **coordinate learner participation by department** to encourage collaboration on discipline-specific action planning and leadership buy-in.
